

# Meet the Teacher

I'm Mrs. Huber and I love to help kids grow and learn in fun hands on ways. I have been teaching for 23 years in first through fifth grade with the last 14 specializing in math. I am originally from the panhandle of Texas but moved for the trees and Lindale's great schools! My husband is a teacher also and we love to share great teaching strategies. I have two children, Kye and Ellie. Kye is in 12th grade and loves playing in band and Ellie is in the 9th grade and loves playing in the band and arts and crafts. I can't wait to get to help you grow with you this coming year!

## Favorites

I love all things nature, especially National Parks! I also love to cook, mexican food, and crafting. My favorite drink is a raspberry tea or strawberry water.
